New grass is beginning to make its ap-
pearance on the Island.
SEVERAL large flocks of wild geese passed
over the city yesterday morning.
If you can arouse curiosity by an ad-
vertisement it is a great point gained.
It is generally believed that a very
large number of umbrellas are keeping
lent.
The pleasant weather brings out corner-
jerkers as numerous as shad-fishes in
June.
What has become of the proposed
opera-house? Is it "all talk and no
cider"?
Who can supply an accurate list of cor-
ner-jerkers and church-starters? It
would be valuable for reference.
In a few weeks the Island will be a
"thing of beauty," clothed in the livery
of spring and a "depth of greenery."
Flies should be carefully examined and
all defects remedied. Defective ones
are often the source of conflagrations.
The members of the hand-organ brigade
are again traversing the country, and
annoying mankind with worn-out airs.
THAT RAILROAD.—The cost of the re-
cent railroad survey from Wheeling to
Charlottesville, via New Athens, is said to
be about \$1,500.
STAR GAZING.—The evening star Jupi-
ter is now very bright, and may be seen
in the western heavens any pleasant even-
ing shortly after sunset.
The frequent and fantastic changes in
the weather at this season of the year are
very trying to the system, and people
should be careful both in their dress and
habits.
LITERARY AND DRAMATIC.—The enter-
tainment of the South Wheeling Literary
Society, Saturday night last, in South
Wheeling, was a financial success. The
house was crowded, the audience delig-
hted, and everybody satisfied.
SAINT PERPETUA.—To-day is Saint
Perpetua's day. This Saint was thrown
into the amphitheatre at Carthage, A. D.
203, and tossed, but not quite killed, by a
wild cow; eventually she was put to
death by the young gladiators.
CRIMINAL.—Criminal news was dull
again yesterday; Justices Johnston, Gil-
lespie, Cloban, and Schultz had nothing.
If things continue in this way enterpris-
ing members of the city press will have
to turn back upon "cats" for the where-
with to furnish daily gossip.
VALUATION OF RAILROAD PROPERTY.—
The State Commissioners have de-
cided that the Baltimore & Ohio Rail-
road Company own taxable property in
Ohio county to the value of \$191,400.
The Hempfield property in this county
is valued at \$90,000.
DISORDERLY.—On Sunday evening a
party of young men in South Wheeling
made night hideous by their unwholesome
yells and oaths. Persons residing in that
neighborhood inform us that it seemed
more like pandemonium let loose than the
Sabbath day in a civilized country.
OUR NEW POSSESSION.—The Council
of the late town of South Wheeling, after
paying the town officers, preparatory to
delivering the money, papers, &c., into the
possession of the city of Wheeling, have
about three hundred dollars cash in hand.
Tax bills amounting to about one thou-
sand dollars are yet to be collected.
CINCINNATI COURT.—Yesterday morning
the Grand Jury met at the Court House
and were sworn. The case of A. C.
Quarrier, the defaulting Treasurer of the
Wheeling Savings Institution, was called.
The jury, with the witnesses, retired to
their chamber, and at five o'clock ad-
journed until nine this morning.
YESTERDAY.—The exhilarating atmo-
sphere yesterday afternoon acted like
magic on blooming and gaily-attired maidens,
many of whom emerged from closed doors
and came out in the clear and cheerful
sunlight. The promenade presented a
scene of unusual beauty and animation.
The evening was also delightful for prom-
enading, a silvery moon shedding its radi-
ance over the earth.

MORE INCENDIARISM.

Attempt to Burn Henry Grinnell &
Co's Keg Manufacturing.

Yesterday morning an attempt was
made to destroy the keg manufactory of
Messrs. Henry Grinnell & Co., on Water
street, between First and Second, in Cen-
tre Wheeling.

About twenty minutes to one o'clock
the watchman employed by this company,
Charles Wheat by name, discovered two
men coming toward the building from be-
low, on the river bank. He secreted him-
self, and soon heard one ask the other if
he would take a "drink," the man speak-
ing offering his companion a bottle con-
taining oil used on machinery and en-
gines. The man addressed replied "No
not any of that stuff," and remarked that
the wind was "blowing pretty lively."
His companion replied "That's first-rate
for our business." The watchman was
then observed by the two men, who con-
tinued up the river, and were probably
five rods from the building when he started
up to the office.

Two gentlemen were sleeping in the
office, and Wheat roused them, telling
them that he thought there was some
trouble on hand. He then went down
below, and looking through a window
into the basement of the building, dis-
covered a ball of fire on a work-bench,
rapidly lighting the shavings and other
loose material convenient. He went in,
and throwing his overcoat on the flames,
succeeded in extinguishing them.

The ball is about four inches in diame-
ter, and was made of waste material used
in cleaning engines, and saturated with
benzene. The bench stands immediately
under the window, and the ball had been
thrown in where a pane of glass had been
broken from the sash.

Officer Charles Exley was sent for, and
arrived perhaps half an hour after the
fire was discovered. This officer, assisted
by the watchman and others, made a
thorough search for the incendiaries, but
could find no one.

Mr. THOMAS politely requests all per-
sons to be in their seats by eight o'clock,
at which time the concert will commence
promptly—also enjoins perfect silence
during the rendering of a piece, as it is
quite annoying to hear even whispering.

POLICE COURT.—Thomas Hopkins is a
grizzled paterfamilias whose days are well
nigh spent. With the whitening of his
hairs his love of liquor has increased, and
he was arrested by Officer Henry,
Sunday afternoon, in Centre Wheeling,
drunk. One and costs.

The spirit of James Boyce is the spirit
of liberty. James demonstrated this Sat-
urday evening. While upon the street he
indulged in many curious antics, wasted
much loud breath, and finally attracted to
himself the attention of Officer Henry,
who looked upon James as a fit subject
for incarceration. The sap he imbibed
brought the city one dollar.

Thomas Pemberton and Charles Wade
were charged with disorderly conduct.
Their cases were continued until this
morning.

Win. Young is a youthful indulger in
the rubicund glass. Officer Exley picked
up the young intoxicant. One and costs.

The case of Frank West, charged with
committing an assault and battery upon
Christian Siebrecht, was continued until
this morning.

THE Steinway "Concert Grand" Piano,
used by Miss Mehlig on her concert tour
with Theo. Thomas, arrived Saturday,
and will be placed in the Hall this morn-
ing. A star performer, with an unrivaled
piano, we may expect excellent music to-
night.

POST OFFICE ITEMS.—We notice that
our old friend, Capt. Z. D. Ramsdell, was
re-appointed special agent for the Post
Office Department of this District, a few
days since.

The name of the post office at Warren,
Wood county, has been changed to Min-
eral Wells, and George W. Stephens con-
tinued as postmaster.

At Wardsville, Wood county, Peter A. Burdette has been
appointed postmaster, vice Martin Deem
resigned; Samuel H. Morris, at Adams-
ville, Harrison county, W. Va., vice Thos.
B. Martin, resigned; at Thomas Mor-
ton at Green Bottom, Cabell county, vice
John B. Harvey, resigned; Miss Ann
Stump, postmistress, Steer Creek, Gil-
lespie county, W. Va., vice M. Stump,
resigned; W. E. Sheeky, Smithinton,
Doddridge county, W. Va., vice Alfred
Neely, removed; James Waugh, Al-
kire's Mills, Lewis county, W. Va.,
vice Henry Spaur, resigned; D. D.
Heavener, re-appointed at Frenchtown,
Upshur county, W. Va., vice George M.
Talbot, declined.

received at Charles R. Behler's.

RELIGIOUS EXERCISES.—Mr. K. A. Bur-
nell, of Chicago, an active and eminent
Christian worker, who visits the city at
the invitation of the Young Men's Chris-
tian Association, arrived last night, and
will remain two days.

He addressed a large audience at the
new Lutheran Church, last night, and
held open air services on the post office
steps at ten o'clock, which were very im-
pressive and attentively listened to by at
least two hundred persons. Meetings
will be held by Mr. Burnell at the Luth-
eran Chapel at 2 and 4 this r. m., and at
the Fourth St. M. E. Church to-night.

Mr. Burnell is a practical and earnest
man, who has visited most of the United
States in his department of labor, and his
visit here will doubtless be productive of
much good.

Open air service will also be held this
evening at McClure House corner, com-
mencing at 8 o'clock.

We would direct the attention of our
readers to the advertisement of Messrs. J. R.
& A. Murdock of 113 Smithfield street,
Pittsburg, which will be found in another
column. The Messrs. Murdock have on
hand a large stock of fruit and ornamental
trees, evergreens, vegetable and flower
seeds, roses, green-house plants, &c., &c.,
which they are selling at very low prices.
Catalogues mailed free, on application.

THOMAS' CONCERT.—The Pittsburgh

Commercial of Saturday says that the
Thomas Concert Friday night was a per-
fect musical success. We say it without
fear of contradiction, that the Thomas
concerts give more thorough and heart-
satisfying than any musical enter-
tainment ever presented to the American
public. Spell-bound and in wrapt atten-
tion, the large and intelligent audience
at throughout the lengthy programme—
now carried upward upon the wave of
triumphant harmony, and anon hushed
into breathless silence by daintily fairy
music, like the "Horns of Elford faintly
blowing." After a long eulogy of the ren-
dition of the entire programme, concludes
by saying that the public owe it to them-
selves and to the musical interests of the
times to encourage and patronize such
elevating and refining exhibitions.

FIRE LAST NIGHT.—About five minutes
to eleven o'clock last night, an alarm of
fire was given in the Fifth Ward. A
blacksmith-shop belonging to Hobbs &
Taylor, on the lower side of the creek
and near the Female College, was discov-
ered to be the cause of the alarm. The floor
was found on fire, but the flames were
soon extinguished by means of a barrel of
water which was fortunately in the shop.
The damage done is of little consequence.
It is thought that it originated from a
workman's fire which had been left burn-
ing. The Atlantic steamer was on hand
promptly, but its services were not needed.

FELL THROUGH A HATCHWAY.—A
deck passenger on the steamer Mollie
Moore, coming up the river, some dis-
tance below this city fell through a hatch-
way, breaking his left arm, cutting his
head, and otherwise injured himself
severely. Dr. Hupp was sent for on the
arrival of the boat here, Sunday, and
dressed his wounds. The boat went on
to Pittsburgh, in which city the injured
man resides.

PARAGORIC and soothing syrup, catnip

baby collie, are all very good things to

"DOOLEY'S YEAST POWDER."—The su-
periority of this Baking Powder has long
been demonstrated by every housekeeper
who has used it, and from the steadily in-
creasing demand for a reliable article.
The universal expression is that it is the
best in the market, and its perfect purity
and freedom from deleterious substances
warrants the assertion. To those who
have never used it, we say give it a trial,
and your testimony to its worth will be
added to the many thousands of others.

caused the Trochets to be counterfeited,
and we would caution purchasers to be on
their guard against worthless imitations.
